[illegible]

Statement of Congratulations to League of Cities Chairman and Caloocan City Mayor Enrico "Recom" Echiverri for receiving the DILG's Good Housekeeping Award and for always putting the welfare and interest of government employees first!

We, the City Officials, Department Heads, and City Government employees of Caloocan City proudly congratulate **LEAGUE OF CITIES CHAIRMAN AND MAYOR ENRICO "RECOM" ECHIVERRI** for having been awarded the **SEAL OF GOOD HOUSEKEEPING** by the Department of Interior and Local Government and for the good governance that he has exhibited in his three (3) consecutive terms in office.

We salute Mayor Recom for his excellent management of the city and for his reform agenda that has earned for Caloocan the **Seal of Good Housekeeping and other awards and commendations** from both government and private entities.

We attest to his sincere concern for the welfare and advancement of city employees in that for the first time **he granted all City Government employees with 14th Month Pay**, one of the few cities in the country to do so, and he ensures that all our salaries and benefits are released on time if not ahead of schedule.

We resent and protest the persecution and harassment inflicted on him by his political rivals who seek to unseat him through illegal and treacherous means. **We resent the fabricated and politically motivated "GSIS remittance case" which has been blown out proportion to discredit him.**

We know for a fact that it was **the previous administration that did not remit the GSIS contributions** and it was **Mayor Recom who finally settled these outstanding obligations**, thus lifting the city's suspended status with the GSIS. We also know for a fact that **Caloocan City was never remiss in remitting GSIS contributions during Mayor Recom's** entire incumbency and that the delay in the reconciliation process requested by the City was caused by the change in GSIS management and the crash in the GSIS' I.T. system that affected the entire government bureaucracy.

We are saddened that **Mayor Recom is being singled out** for a problem that he inherited when, in fact, some 209 other local government units and government agencies were also suspended by the GSIS for unremitted contributions.

We commend his firm **commitment** to the continuous delivery of high quality public service despite political harassment that threatened to disrupt the smooth flow of public transactions.

We stand united behind his able leadership that has resulted in better delivery of basic services for the people of Caloocan.

On this historic occasion — **the 50th Anniversary of the Cityhood of Caloocan**, we are glad we could finally say — **We are proud of our own city and of our mayor!**

TO MAYOR ECHIVERRI, OUR SINCEREST CONGRATULATIONS AND WARM WISHES! THEY CAN NEVER PUT A GOOD MAN DOWN!

Maaasahan, lalo na sa oras ng pangangailangan.

Vhen Negros Oriental was hit by a major earthquake on February 6, 2012, Smart's etwork emerged intact and enabled people in the affected areas to call for help.

he day after, Smart personnel set up Libreng Tawag stations in the hardest-hit area of uihalngan, connecting the affected residents to their loved ones and empowering the elief operations center and search and rescue units.

eliability, resilience and reach – these have long been the strengths of Smart's network which has been repeatedly tested by numerous calamities. So when Ondoy struck Metro lanila, when Pedring and Quiel battered Luzon, and when Sendong ravaged Cagayan de ro and Iligan, Smart stayed on air, providing a vital lifeline to the affected communities.

ow, it's getting even better. Having installed next-generation technologies in more han half of its cell sites nationwide, Smart is entering the final stretch of its network odernization program. This means Smart can deliver even more superior call, text and obile internet services using leading edge technologies such as HSPA+, WiMax and TE.

lany parts of the country are already benefitting from this program like the various rovinces of Luzon, the islands of Panay, Bohol, Samar and Leyte, various provinces of lindanao – and even the Kalayaan Group of Islands in the Western Philippine Sea.

y end-June this year, Smart will complete its rollout, giving Filipinos a network at par ith the world's best – for the clearest voice connections, the most efficient messaging nd the fastest broadband experience t can possibly offer.

n times when you need it most – mart, maaasahan.
